

Day 5

English

Looking to the future, I hope for many things. I hope to move house in the near future - I would like to have a driveway (what a grown-up wish for a house!) and a bigger garden for Wilbur (my dog) to run around in. In the near future, I would like to be able to take up playing the piano again and become fluent in my favourite songs - I will have to really dedicate time and attention to this to ensure I can be successful. Most of all, I wish to be happy in the future, achieving my goals and enjoying everyday.
