

Day 1 - Year 5 home learning

If you have any questions - or would like to share your child's completed work - please use Class Dojo!

Subject	Activity	Resources to help
Maths	Today in Maths, we would like you to watch the video on adding and subtracting fractions by finding a common denominator. After this, <u>have a go at answering the questions.</u>	https://www.youtube.com/watch?v=XsW8HJutIqM Questions
English	Have a look at the fantasy story in your resources. What features make it a fantasy story? <u>Make a poster of the things you expect to find in a fantasy story</u> (think about the characters, the actions and the grammatical features you may see).	Fantasy story example
Reading	Read the text on Planet Earth.	Planet Earth text
Spelling	Use the spelling words, which were sent out in an email, to practice your spellings. Some good ways to do this is either to learn them via look, cover, spell, check or you can always create a wordsearch and find your spelling words.	https://thewordsearch.com/maker/
PE	Children to complete the circuit due to our topic being on healthy living. How many rotations can they complete? If you can't do any of these exercises, simply switch them for something more manageable. Why not get the whole family involved?	https://www.youtube.com/watch?v=9qGXe-sjWq0
