

Day 10 - Year 5 home learning

If you have any questions - or would like to share your child's completed work - please use Class Dojo!

Subject	Activity	Resources to help
Maths	It is important that we continue to keep up our arithmetic skills and techniques. Have a go at answering the 16 questions.	Questions
English	Write a setting description of your choice, using whichever tense and person you prefer (remember to keep it the same the whole way through). You could make up your own silly setting full of rainbows and dancing trees, describe you're the setting of your most perfect holiday destination or even describe a setting that is already familiar to you (like your bedroom or garden). It may help to draw the setting first. Remember to apply all of your understanding around writing effective setting descriptions!	
Reading	Read either your AR book or use myon to read for 30 minutes. Remember you can still quiz on your books at home via myon or the school website.	
Spelling	Please use the spelling words which were sent out in an email to practice your spellings. Some good ways to do this is either to learn them via look, cover, spell, check or you can always create a wordsearch and find your spelling words.	https://thewordsearch.com/maker/
PSHE	Research three different job or hobbies. For each one make a list of five things that could help someone to achieve that dream. You could research online or you could interview someone who has achieved that dream.	https://www.bbc.co.uk/teach/class-clips-video/pshe-ks1-ks2-what-is-my-job/zrdkt39
