

Day 5 - Year 5 home learning

Subject	Activity	Resources to help
Maths	Show off your multiplication knowledge by writing your own set of 10 multiplication questions - these could be long multiplication, short multiplication or times tables. You must also have worked out the answers to these carefully so that you're ready to mark. Send these to your teacher or persuade someone in your household to have a go at for you to mark!	
English	Pretend you are an evacuee. Write a descriptive scene of what the countryside is like from the perspective of a 9-year-old child, making comparisons to London. Include what you can see, hear, smell, touch. Refer back to your word bank to help you. Include at least 3 expanded noun phrases, one example of a relative clause and one prepositional phrase.	Pictures
Reading	Read for 20 minutes. After you have done this, write the next two paragraphs of the story!	
Spellings	Get someone in your household to test you on this week's spellings - message your teacher so they know what you got out of 10!	
Art	Follow the tutorial and show perseverance to recreate a Disney character!	https://www.youtube.com/watch?v=Lv5qFYJNTbs&list=PLfIf8xbnbx65Z2oa2F9uqKZxJJn-4Nynr

If you have any questions - or would like to share your child's completed work - please use Class Dojo!
