

Day 6 - Year 5 home learning

If you have any questions - or would like to share your child's completed work - please use Class Dojo!

Subject	Activity	Resources to help
Maths	This week you will be working on graphs within maths. Watch the video on how to complete line graphs and answer the questions based around these.	https://www.bbc.co.uk/bitesize/articles/zqv8bqt
English	This week you will be exploring setting descriptions. Think about what a setting is and how it is important to a story. Look at the extracts attached in the resources and draw the setting that is described for two of the descriptions. Label the drawing to show how you knew what to include. For example, you may know to colour a river in brown because of the author's use of an expanded noun phrase (the murky river).	Setting description extracts
Reading	Read the attached text. Highlight any words that you do not understand.	
Spelling	Please use the spelling words which were sent out in an email to practice your spellings. Some good ways to do this is either to learn them via look, cover, spell, check or you can always create a wordsearch and find your spelling words.	https://thewordsearch.com/maker/
PE	Mark out 20 metres in the park or your garden. Complete a bleep test. What score can you get up to? Later on in the week repeat this to see if your health and fitness has improved.	https://www.youtube.com/watch?v=sP8tvsjR2dQ
