

Tuesday - Jumpstart

Apply

How many millilitres (ml) are in the jug of water?

$3 + 3 =$	$10 - 3 =$
$56 + 47 =$	$90 - 25 =$
$8 \times 2 =$	$\frac{1}{4}$ of 12 =
$6 \times 3 =$	$\frac{2}{4}$ of 12 =

Tuesday Reading

LI: To retrieve information from the text.

Please answer the following questions in your exercise books.

- 1) When was Roald Dahl born?
- 2) Why didn't Roald Dahl like school?
- 3) What did Roald Dahl do during the Second World War?
- 4) Where were Roald Dahl's parents from?
- 5) What was the first of Roald Dahl's children's books to be published?
- 6) How old was Roald Dahl when he died?

English - Tuesday & Wednesday

LI: To write from the first person perspective.

Activity 1:

**How many
contractions can you
write in 2 minutes?**

E.g. I'm

Activity 2:

Look at the Winter Olympics events you can take part in on our website. Take part in as many as you'd like to, and write about how you did on each one. You can use the sentence starters below:

I played...

I had to...

I enjoyed this because....

I think I was good at this because...

I don't think this was my best event because...

Science 2

LI: To identify and classify

- 1) Create a table with 3 columns (see below)
- 2) Categorise the things based on whether they are living, once living, or never living.
- 3) Add your own ideas! You could look around your house or come up with your own ideas.

Living	Once Alive	Never Alive

		
shark	wooden plank	coral
		
jellyfish	anchor	oranges
		
submarine	rock	dolphin
