

Day 8 - Year 5 home learning

Subject	Activity	Resources to help
Maths	Today we are going to be looking at reading and interpreting information in a table. Watch the youtube video in order to aid you in this.	https://www.youtube.com/watch?v=utwaaV5MvAc
English	Look back at the two setting pictures you chose yesterday, along with the vocabulary you have prepared to go with them. Today, you are going to write a setting description for one of these pictures. Remember to think carefully about the structure of your description, so that you begin broad and become more narrow in your description. You should aim for 5 sentences in your setting description and you must write in 3rd person and past tense . I have included an example in the resources to help you (if you want to pick out my features/structure first, feel free!).	Example setting description
Reading	Re-read the text. Answer the questions based around the text.	
Spelling	Please use the spelling words which were sent out in an email to practice your spellings. Some good ways to do this is either to learn them via look, cover, spell, check or you can always create a wordsearch and find your spelling words.	https://thewordsearch.com/maker/
Science	There are many celestial objects in our solar system, it can be difficult to remember them all. Research the different planets in our solar	https://www.bbc.co.uk/bitesize/topics/zdrrd2p/articles/ztsqj6f

<p>system and challenge yourself to remember all of the planets in order. You could make a fact file, poster or even make up your own mnemonic to help you remember them.</p>
